DSA Detection®

INERT GUNS AND KNIVES THREAT KIT

Accurate: Density, X-Ray and WTMD, Z_{eff}

Technology: Backscatter, Computed Tomography, Single and Multiple X-Ray Generator Systems, mmWave

DSA is a DHS/TSA-accepted supplier.

This kit contains a comprehensive set of inert gun and knife replicas which may be encountered at a security checkpoint. These items perfectly match the X-ray and walk-through metal detector signatures of real gun or knife threats. All threat objects are coated in blue, which is internationally recognized as inert, indicating these items are for training purposes only.
